Following the close of the Franco-Prussian War and the establishment of the Third Republic, France embarked upon a new wave of colonialism, acquiring additional territories in Southeast Asia. Originally founded in 1830, the Legion saw some of its finest hours in North Africa and Indochina in the late 19th and early 20th centuries, and it is this period of the legions' history that has been immortalized in popular culture in works such as *Beau Geste*.
