

# STAR TREK: FLEET CAPTAINS ROMULAN EMPIRE EXPANSION

*Misdirection is the key to survival, never attack what your enemy defends,  
never behave as your enemy expects, and never reveal your true strength.  
If knowledge is power, then to be unknown is to be unconquerable.*

— Romulan Commander

Romulans! The very name sends shockwaves of dread through the Federation, planting seeds of trepidation and distrust among the Alpha and Beta Quadrants. A powerful, merciless, unrelenting force to be reckoned with throughout the galaxy — despite experiencing bitter defeat at the hands of Starfleet in the Earth-Romulan War of the 2150s — the Romulan Star Empire continues to exert its presence, dominance, and narcissism, testing the borders (and patience) of the Federation, its planetary allies, and the Neutral Zone.

Now, the Romulan Empire expands its influence into Wizkids/NECA's *Star Trek: Fleet Captains*! This first expansion set contains 12 new Romulan ships with 10 new sub-decks, and introduces a new Mission type ("Espionage") and the ability to assign Romulan Saboteurs to your opponent's ships. Additionally, *Romulan Empire* introduces updated rules that permit a three-way contest with players representing the Federation, the Klingon Empire, and the Romulans all battling for supremacy in space. The *Star Trek: Fleet Captains* core game is required to play this expansion.

Looking to join the ranks of Vulcan's petulant cousins and take arms against the despised Federation and the inferior enemies of Romulus? Just fill out and submit the enclosed entry form (or enter online at: [www.gametrademagazine.com](http://www.gametrademagazine.com)) and your victory is assured!
