#### ARGENTO'S DRACULA DVD

Horror maestro Dario Argento (*Suspiria*) puts his unique, stylistic spin on the classic supernatural tale with *Dracula*, a visually sumptuous retelling of the legendary myth. It's been 400 years since Count Dracula's (Thomas Kretschmann) beloved Dolingen De Gratz passed away, leaving the immortal bloodsucker forever abandoned. But when he discovers that local newlywed Mina Harker (Marta Gastini) bears a striking resemblance to Dolingen, his furious yearning is reawakened. Now, Dracula embarks on a bloody quest to reunite with his long-lost love and live forever with her in hellish immortality! Only the arrival of vampire expert Abraham Van Helsing (Rutger Hauer) can put an end to the fiend's unholy plan. Scheduled to ship in April 2014.

Soon it becomes clear to O'Shea and Nolan that there's something unnatural out there - and that it's hungry! So it's time to rally the villagers, arm the troops, and head to the pub! #### ACROSS A DEADLY FIELD: REGIMENTAL RULES FOR CIVIL WAR BATTLES

Manassas, Shiloh, Gettysburg, Atlanta, and Petersburg are just a few of the many large-scale Civil War battles that gamers enjoy simulating on the tabletop. **THE SPANISH CIVIL WAR 1936-39 (1)**  
 The Spanish Civil War, 1936-39, was the curtain-raiser to World War II, and the major international event of the 1930s. It was the first great clash of 20th-century ideologies, between the rebel Nationalist army led by General Franco and the Republican army of the government. The war was fought ruthlessly by both sides, and when the Nationalists secured victory they installed a dictatorship that lasted until November 1975 - the last such regime in Western Europe. **TRENCH: A HISTORY OF TRENCH WARFARE ON THE WESTERN FRONT**  
 The First World War was one of the costliest conflicts in history, much of it fought over a narrow and bloody swathe of France and Flanders. At the outbreak of war, it was anticipated that conventional battle would bring a quick resolution, but four years later, strategy, tactics, and the material of war had changed almost beyond recognition. For most of that time, the two sides had been locked in the stalemate of trench warfare, a battle conducted along a Western Front of over 400 miles, in which almost 3-million men were killed.
