BURMA ROAD 1943-44: STILWELL'S ASSAULT ON MYITKYINA

Myitkyina was a vital objective in the Allied re-conquest of Burma in 1943-44. Following the disastrous retreat from Burma in April 1942, China had become isolated from re-supply except for the dangerous air route for US transports over the Himalaya Mountains. The Burma Road, which ran from Lashio through the mountains to Kunming was closed as a supply route from Rangoon after the Japanese conquest. Without military assistance, China would be forced to surrender and Imperial Japanese Army forces could be diverted to other Pacific war zones. This is the history of the ambitious joint Allied assault led by American Lt. Gen. Joseph W Stilwell and featuring British, American, and Chinese forces as they clashed with three skilled regiments of the Japanese 18th Division. Scheduled to ship in January 2016. OSP CAM289\$21.95

TRAIL OF HOPE (HARDCOVER)

Following the conquest of Poland by Nazi Germany and the Soviet Union in 1939, hundreds of thousands of Polish families were torn from their homes and sent eastwards to the arctic wastes of Siberia. Prisoners of war, refugees, those regarded as 'social criminals' by Stalin's regime, and those rounded up by sheer chance were all sent 'to see the Great White Bear'. However, with Hitler's invasion of the Soviet Union in Operation Barbarossa just two years later, Russia and the Allied powers found themselves on the same side once more. Turning to those that it had previously deemed 'undesirable', Russia sought to raise a Polish army from the men, women and children that it had imprisoned within its labor camps. In this remarkable work, renowned historian Professor Norman Davies draws from years of meticulous research to recount the compelling story of this unit, the Polish II Corps or 'Anders Army'. EPIC CARD GAME DISPLAY (6)

The first war of the gods tore the world apart! Each god continually remaking reality was more than the universe could withstand, and in its wake the great nothingness returned, leaving the gods to bicker in the void. Eventually, a compromise was reached. The gods joined forces to create the universe anew, but this time there were rules that even they must obey. No longer could gods battle directly, tugging against one another on the fabric of reality. Now their wars are fought in the mortal world with mighty champions and devastating events! Epic is a fast-paced, deckbuilding card game of fantasy combat designed by the creators of the Star Realms Deckbuilding Game. Scheduled to ship in October 2015. **NOTE:** This item is sold to retailers in full displays. Please contact your retailer for availability.
